

SPECIFICATIONS

This two-piece clamshell base cover made from is engineered to provide a clean, professional finish while concealing the base of light poles up to 4 inches in diameter. With an overall height of 18 inches and width of 13 inches, it allows for straightforward installation around existing structures. Stainless steel fasteners are included for secure assembly and enhanced corrosion resistance, while its durable construction ensures reliable, long-term performance in demanding outdoor environments.

Material

Corrosion resistant, durable die cast aluminum construction. Minimum .225 wall thickness.

Anchorage

A 3/4" cast aluminum anchor ring is welded 1" above bottom of base to accept (4) fully galvanized anchor bolts. Each bolt supplied with two nuts and two washers. Anchorage is fastened through hand hole.

Finish

Powder-coated finish that is electrostatically applied and thermocured to ensure a uniform, high-performance coating. This process provides excellent adhesion, durability, and resistance to corrosion, chipping, and fading.

Warranty

Covered by a one-year limited warranty.
